INSTALLATION

Step 1:

Align the faceplate to the switch and click them firmly together (see Figure 1). Screw the metal plate to an appropriate back box on a well levelled surface (see Figure 2).

Step 2:

Insert the back side of the switch through the metal plate at the lower edge of that plate and slide upward to hear a smooth click sound ensuring the firm installation of the switch.

To dismantle the switch, insert the unlock key provided through the gap in the lower frame and slide down gently.
